

① Perfect ten

I wanna go, go, go home with you (2)
She was a perfect ten, perfect shell

② What are you talking about?

What are you talking about? (4)

I promise you I got a date in the zoo to get you a booth and
listen to this side of the moon 'cause baby I've never seen animal
like you.

What are you talking about? (4)

I promise you I got a date in the zoo to get you a booth and
listen to this side of the moon 'cause baby I've never seen animal
like you.

What are you talking about? (4)

I'm talking about your eyes, and how life is so sweet, and how
the dolphins and the teddy bears they make you wanna see...
but you know that it's a lie, 'cause all I wanna do is fuck you.

③ Kiss your friend

I promise baby, I would never kiss your friend
I promise baby, I would never kiss your friend again.

I promise baby, I would never kiss your friend
I promise baby, I would never kiss your friend again.

④ Sweet home

I got a house
I got a garden
I got a sweet
I got a sweet home

But I don't have you

As long as your lips
I wanna do them
I got a sweet
I got a sweet "her"
I remember the times when I could fuck you up

But I don't have you

⑤ Is it true?

Is it true? answer me
no I won't
yes it is. On the mouth?
nope, on the chick
either way not cool at all. May I ask why?
I told you on the phone
I have bad memory. Start over my friend and lift your skirt 'cause I'm the
man
I don't care, don't touch me again

I am here honey bun
wouldn't you please just go home, you're giving me now the creeps, let's
just call things.... what it is
maybe some red roses do the trick
hard to tell, not my style, maybe fuck her over wine

⑥ Break up

You always think of me as some usual remain
Left over from yesterday's lunch I've gotta feed you all over again.

Shoot me again and again, and again, and again
Shoot me again and again, and again, and again
Shoot me again and again, and again, and in the end...

I see that you don't care for anything that I've done
Saying thank you is very polite given that you always look away

Shoot me again and again, and again, and again
Shoot me again and again, and again, and again
Shoot me again and again, and again, and in the end I'll get my revenge

I would never take you back
I would never take you back
I would never take you back

⑦ Well-being

P in a V, is anything better?
tell me the truth, has anything changed?
I still see you like a beautiful lady
even though by the wrinkles I tell

I know that you do it for my well-being, that you do it for my
brothers

Once more you know what to say: "health care for everyone"
are the trips and the selling ok?
would you help me close the sink knob
I understand how busy you are

I know that you do it for my well-being, that you do it for my
brothers

⑧ Red light (no aplica)

⑨ ill

Orange juice and cigarettes
Lion sitting in a little cage
Thinking of the outside world

Walking back and forth
Staying still at home
chewing diet beef
This is why I became ill

I believe I wasted all my time
I confess I didn't even want
I could tell you were not in the mood

Liking you was an adventure
Hating you was the hardest thing to do, yeah the hardest thing
to do.
This is why I'll never heal

I'm an eel and I will shock you
30 million volts compressed on the spit of a passionate kiss

You can kill me and make leather
anyways you will remember how destructive a little boy can be
This is why I'll never heal

⑩ Getting over you

And I feel your legs, hang around my neck
and your taste getting me drunk with no hangover

There's no getting over you, There's just no getting over you

And I feel your tongue playing Columbus
and your faith is lust between my fingers

There's no getting over you, There's just no getting over you

⑪ Nice to be a girl

I'll ask my friend Caroline,
he knows how to spend his money well
He told me to have a sex change 'cause boys
it's nice to be a girl

it's nice to be a girl, 'cause boys'll buy you things

I don't know how you stand here, or if you'll ever stop loving me
I guess you'll have to get used to that, girl, I'll be just like you

it's nice to be a girl, 'cause boys'll buy you things

It's nice to be a girl, so nice (4)

⑫ I could use you

I wanna leave my footprints on the wall
on the one standing next to your bed
I could easily use a friend, but I could also find new uses to your
neck

Misbehave as you please, we are not in jail
Suffocate as you wish, 'cause I promise that I will not let you
breath

I could use you good (4)

Would you behave awkwardly at all, when the guy sees how it
went?

I could easily use a gun, because it's obvious that trouble is on
the way

I could fight for a girl, but not for free
I need some guarantee, and I promise that I will not let you
breath

I could use you good (8)

⑬ Dear enemy

You and I are natural enemies
I shake my tail but I am not happy
biting you means I like you baby
I take no leash and I do not sit

Dear enemy (4)

You and I are natural enemies
I shake my tail but I am not happy
biting you means I like you baby
I take no leash and I do not sit

I won't obey if you don't hit me
I'm so much better when you work your violence
taking some pills was unnecessary
taking a break wasn't part of the deal

Dear enemy (4)

⑭ Calling

I get love depending on the city
I lay laws depending on the greedy
I walk on thinking about the needy
come on, who wouldn't let it go

I get junk depending on the leaders
I find hope remembering the readers
I mind all, big or little
come on, who wouldn't let it go

Love will come to you, if you look hard enough
and Love will come to you, if you look hard enough
and if you read what you're supposed to read once and again (3)

I get love depending on the city
I lay laws depending on the greedy
I walk on thinking about the needy
come on, who wouldn't let it go

I get love depending on the city
I lay laws depending on the greedy
I walk on thinking about the needy
come on, who wouldn't let it go
